I see those eyes  
of gray  
and I love your little ways  
what's there to say, my love  
my heart takes flight in your hands  
do you understand  
your power over me  
but there's a cloud across the sun  
I can't share you with everyone  
Here's where this dream will fall  
(2nd time) from heaven like a stone  
I want EVERYTHING OR NOTHING AT ALL

(BRIDGE)

And I don't want to be friends  
My advice would never be true  
What can I do, if I wanna hear now  
words you'll never say  
so I'll let you walk away with my heart

I see those eyes  
of gray  
and may they never fade  
but there's a cloud across the sun  
I can't share you with everyone  
here's where this dream will fall  
I want EVERYTHING OR NOTHING AT ALL

(Instrumental Break-Down)

(Repeat BRIDGE)

(Repeat VERSE 1)

Oh, I wanna hear now  
words you'll never say  
so I'll let you walk away with my heart  
'Cause I want EVERYTHING OR NOTHING AT ALL
