

KNOCK,KNOCK,KNOCK

music by BEPPE CANTARELLI
English lyric by PRESTON STURGES

For so long kept it all inside
If you talk too much, your dreams will die
But the words that you spoke last night
put the world in a different light
Is that you...coming through my garden gate?

(CHORUS)

KNOCK, KNOCK, KNOCK
Baby won't you, please come in
KNOCK, KNOCK, KNOCK
Baby won't you...won't you come in
Everything I have is yours
Between you and me there will be no doors

My old life living all alone
Smilin' a smile that an actor would own
Dreamed of somebody like you
Never thought it'd ever come true
Is that you...coming through my garden gate?

(Repeat CHORUS)

(BRIDGE)

You'll never regret
and I will never forget
how my life was empty
before you came and I stood alone...
alone in the rain...in the rain

(INSTRUMENTAL BREAK-DOWN)

Dreamed of somebody like you
Never thought it'd ever come true
Is that you...coming through my garden gate?

(Repeat CHORUS "Ad Libitum")
